# The Computer Clubhouse

**@The Computer Museum**

# The Computer Clubhouse

is a model learning environment where young people explore their own interests and become confident learners.

At the Clubhouse, youth from underserved communities develop computer-based projects inspired by their own ideas. The Clubhouse includes state-of-the-art computers and software. It is a diverse community of mentors and members working together to explore and create exciting projects using computers.

## In The Computer Clubhouse young people:

- build robots
- develop interactive multimedia
- create art and animations
- design games
- create music
- perform science experiments
- create newsletters
- and the list keeps growing.

## Members

Members range in age from 10 to 16 and represent the diverse communities of Boston. Members spend days, weeks, even months working on projects they find personally meaningful. Through their participation they develop important skills for college and career.

## Mentors

Mentors are students and professionals in art, music, engineering, education, and a variety of other fields. Mentors are available to answer questions and support exploration by participants.

## Hours

Tuesday through Friday from 2:00pm until 5:30pm

Saturday from 10:00am until 4:00pm.
